## Sen. Laura Toy reminds residents of two remaining presentations on new Medicare Prescription Drug benefit

**LANSING** – State Sen. Laura M. Toy, R-Livonia, reminds Medicare recipients and their families of two remaining presentations on the new Medicare prescription drug benefit set for Monday, Nov. 21 in Livonia and Garden City.

The first presentation at the Redford Township Senior Center on Nov. 15 generated an estimated crowd of about 200 people.

"We had a wonderful showing at our first presentation, and I look forward to sharing information that will help those with Medicare decide which plan is right for them at our next two events," Sen. Toy said.

Remaining presentations are scheduled for Monday, Nov. 21 at the Livonia Senior Center, 15218 Farmington Road, from 12:30 to 1:30 p.m.; and at the Garden City Maplewood Senior Center, 31735 Maplewood St., from 3 to 4 p.m. Both presentations are free of charge and will last about an hour.

Toy also announced that Monday's presentations will be led by Mary Johnson, director of the Michigan Medicare/Medicaid Assistance Program.

Starting on Nov. 15, beneficiaries can enroll in the Medicare drug plan of their choice. There are a number of different plans and everyone with Medicare must make a decision about their drug coverage.

For more information about the presentations, contact Sen. Toy's office at 517-373-1707.
